UPDATE ON LOW INCOME HEALTH PROGRAM APPLICATION (January 10, 2011)

This is to inform you that the application documents for the Low Income Health Program will be released mid January 2011. The Department of Health Care Services (DHCS) is collaborating with stakeholder groups in the development of the application documents and has received important feedback and input from them which is being incorporated into the documents. Through this effort, we can ensure that the application documents provide concise program information to eligible entities interested in participating in the program. Also, the timeframe for submitting completed applications to DHCS will be adjusted in consideration of the change in the release date.
